

School Health Check-up Programme:

As a part of the 'Suvarna Arogya Chaitanya Programme', our health personnel from Rotary Muthappa Attavar Hospital conducted School Health check-up of around 8,000 children studying in government, government aided and private schools located at Goripalya, Bapujinagar, Avalahalli and other areas in the BBMP limits. This being a National Health Programme, conceptualized by the Ministry of Health & Family Welfare, it was implemented all across the country from 1st Aug to 15th Sep '11. RMAMH in collaborating with the BBMP (through the Dasappa Memorial Hospital, Town Hall, Bangalore) implemented this programme for the capital population served by the BBMP Urban Family Welfare Centres, in the mentioned ward areas of Bangalore.

All the school children were screened for appropriate age based weight/height, dental caries, presence of communicable diseases such as respiratory tract infection, diarrheal illnesses and skin related ailments, and non-communicable diseases such as eye problems, vitamin deficiencies, asthma, cardio-vascular diseases and learning disabilities. In-need students were duly referred to RRMCH. Rotary Bangalore provided logistic support for the said Programme.

Sl. No.	Date	Name of School	No. of students examined	No. Treated	No. Referred	Interns involved in the Project	Health workers involved
1	24/8/11	Bapooji nagara Al-Fahar High School	150	70	20	Punith	Sampath kumar
