ABOUT CONFERENCE:

KSMPCON 2026, the National Conference of the Karnataka Society of Medical Pharmacologists, organized by the Department of Pharmacology, RRMCH & SCMCH&RI, brings together Pharmacologists, Clinicians, Researchers, and Healthcare professionals to exchange knowledge and explore advances in pharmacology.

The theme of KSMPCON 2026, "Precision Medicine - Emerging Trends in Pharmacotherapeutics" highlights the transformative shift from a one-size-fits-all approach to individualized healthcare. The conference will feature expert lectures, scientific sessions, workshops, poster and oral presentations, and discussions on cutting-edge advancements including Pharmacogenomics, Pharmacovigilance, Precision Diagnostics, Biomarker-guided therapy, Microbiome based Precision Pharmacology and Personalized Therapeutics.

ABOUT WORKSHOP:

A key highlight of KSMPCON 2026 is its hands-on workshops focusing on In-Silico Drug Design and Phase I Clinical Trials. Participants will gain insights into computer-aided drug discovery and optimization techniques that accelerate drug development while reducing time, cost, experimental workload, and attrition rates. The workshop on Phase I Clinical Trials will emphasize the pivotal role of clinical pharmacologists in early-phase research, leveraging their expertise in pharmacokinetics, pharmacodynamics, dose optimization, drug safety, and rational therapeutics.
