

Dr. Kamal Kumar M Presented at IMCAS World Congress 2025, Paris, France

We are proud to announce that Dr. Kamal Kumar M, Professor and Head of the Department of Plastic Surgery at RRMCH, was invited to speak at the IMCAS World Congress 2025 in Paris, France. This prestigious event, one of the most significant gatherings in the field of plastic surgery and aesthetic medicine, took place in 2025 from January to February 2025 and had brought together over 20,000 delegates from 140 countries.

Dr. Kamal Kumar M presented his research titled "**Retrospective Assessment of Nutritional Factors and Non-Surgical Multimodal Therapy in Non-Cicatricial Alopecia.**" His study delves into innovative approaches to managing non-cicatricial alopecia, an area of growing interest in the field of plastic surgery and dermatology.

The IMCAS World Congress is renowned for being a leading platform for the exchange of cutting-edge knowledge and research. Dr. Kumar is among a select group of only six plastic surgeons from India who have been invited to present their work at this esteemed conference. His participation highlights the excellence of RRMCH's academic research and the institution's commitment to advancing the field of plastic surgery on a global scale.

This prestigious opportunity not only showcases Dr. Kumar's expertise but also serves as a testament to the high-quality academic work being carried out at RRMCH. It offers an unparalleled opportunity to highlight the institution's contributions to the international medical community, connecting with leading experts, pioneers, and innovators in the field.

About the IMCAS World Congress:

The IMCAS World Congress is a leading event for professionals in the fields of dermatology, plastic surgery, and aesthetic medicine. With an international audience, the congress provides a platform for global experts to share research, advancements, and innovative practices. It is renowned for its extensive scientific program and its ability to foster collaboration and knowledge exchange.
